### Guidelines:

To be eligible for the Scholarship gift, the education track must be completed in 2014.

This program is designed for firms of 5 or more design professionals. A majority of design professionals are expected to attend each program selected.

For smaller firms, we encourage you to hold combined presentations. When at least 5 design professionals complete the series of programs, a contribution will be made to the local AIA Scholarship program in the names of those who attended the training.

*Course must be scheduled before April 20 and completed by December 20, 2013.*

**Enroll in one of our education series and give back to your profession.**

### **Masters Program:**

Schedule three AIA/CES accredited sessions in 2014 and your firm will earn a \$250 donation in your company name to the NW Arkansas AIA Scholarship program.

### **Doctorate Program:**

Schedule four AIA/CES accredited programs in 2014 at your firm and participate in a "Hands On" program at our office to earn a \$400 donation in your company name to the NW Arkansas AIA Scholarship program.

*\* The AIA Board will distribute the money earned.*

### **Available Presentations**

#### **Masonry:**

- \* Concrete Masonry Design and Construction Overview. 1hr. (LU/HSW)
- \* Crack Control in Concrete Masonry Walls. 1 hr. (LU/HSW)
- \* Thermal Performance of Concrete Masonry Design. 1 hr. (LU/HSW/SD)
- \* Concrete Masonry and Current Energy Codes and Standards. 1 hr. (LU/HSW)
- \* Sustainable Concrete Masonry Design: Mold and Moisture Prevention. 1 hr. (LU/HSW/SD)
- \* Fundamentals of Balanced Design for Fire Safe Construction. 1 hr. (LU/HSW)
- \* Aesthetic Design with Concrete Masonry. 1 hr. (LU/HSW)

#### **Hardscape:**

- \* Permeable Interlocking Concrete Pavements Systems. 1 hr. (LU/HSW/SD)

### **Hands On Masonry Training Program**

The "Hands On" masonry training program is designed to give you first hand knowledge on elements of proper workmanship within masonry construction. A series of workstations will focus on various masonry elements and you will have the opportunity to witness and install the materials. Topics such as mortar, flashing, structural masonry, adhered veneers, and cleaning new masonry will be taught.

This program is scheduled for November 11 at our Springdale office.

A majority of office staff must attend to earn the Doctorate Degree Certificate and donation.
