"DO" ... Proposed Building Projects ... Designers Needed

**"DO" comes to you courtesy of the American Institute of Architects-Arkansas
under agreement with National Building News**

From the Publisher

Welcome to the December issue of Design Opportunities, better known as "DO".

In it you will find over 195 projects valued at over \$7 billion, on which the owner or developer has not yet selected a designer. This "early warning system" gives DESIGNERS, CONSULTANTS, CONTRACTORS AND MANUFACTURERS a chance to contact him and get on his "short list" while the project is still a mere "twinkle in his eye."

"DO" is distributed FREE to Trade Associations as a PDF, the first week of every month. If you are not receiving your copy call the local chapter of your Trade Association (AIA, ACEC, AGC, BOMA, ASLA, etc.)

John Hansel, Publisher

Who Reads "DO"? architects, interior designers, consultants, contractors, developers, building owners and managers and the many facilitators such as realtors, insurers, appraisers, brokers, lawyers, etc., plus the manufacturers of building products needed to bring tomorrow's buildings on line.

What is “DO”?

National Building News Service has been reporting on the ever-changing **Skyline of America** since 1964...exactly 50 years. We are proud to present this issue of our new publication “*Design Opportunities*”...also known as “DO”. Unlike other construction lead services, “DO” features only Requests for Proposals (RFP’s) on buildings and renovations under consideration, before selection of an architect or interior designer. Therefore, each project represents an opportunity to be involved in design, construction or management at the earliest phase. Our readers include architects, interior designers, consultants, contractors, developers, building owners and managers and the many facilitators such as realtors, insurers, appraisers, brokers, lawyers, etc., plus the manufacturers of building products needed to bring tomorrow’s buildings on line.

DAILY EDITION - “DO” - Design Opportunities:

For designers, consultants, contractors, etc. who need an “early warning system” on projects in the design phase.

- A daily email with recently released Requests for Proposal (RFP’S). **Many of these projects will not appear in the Monthly Edition as the RFP due date would have passed by the time the Monthly Edition is published.**
- *NEW FEATURE - Each project contains a “live” link to the actual RFP document. Just click on the STATUS and you will be taken directly to the RFP.*
- *NEW FEATURE - The Daily Edition now contains updates on projects with no architect yet selected, and no RFP yet available.*
- Also including STATUS updates on projects under design.
- Approximately 15-25 projects per day.
- Emailed to you as a PDF file.

MONTHLY EDITION - “DO” - Design Opportunities:

Distributed exclusively to those Professional and Trade Associations, whose members can benefit from this advanced notice of Proposed Building Projects. Their subscription calls for “DO” to be distributed promptly each month as a PDF file to each of its’ members.

“Live” Message Board - National - Read By 50,000 Designers Nationwide

- It is one column wide with space for 5 business card size ads or messages, one opposite each project as the reader scrolls down the page.
- **IMPORTANT: because “DO” is distributed exclusively through professional Design and Trade Association members, your ad, or message, will be seen by those members nationwide, over 50,000 of them!**
- This space is “live” so a click on any ad will take the reader to the advertiser’s landing page.
- **Rate: \$200 per ad, per insertion.(2” x 3.5”), receive (6) free insertions with your first order.**

DAILY EDITION - "DO" - Design Opportunities
(Call Mary today for your FREE 4 week trial 800 500-7276)

Why you need “DO”...

Build Long Term Relationships

* Use “DO” to develop long term relationships with the owners/developers of the projects. You can use the owner/developer contact information as a mailing list to introduce your firm or personally contact the owner via phone. This is an easy way to get your information out to a lot of owners/developers you may not have know about without “DO”. Even if the owner isn’t looking for an architect for their project today; take the time to introduce your firm and develop a beneficial relationship with them, so when they do start the architect search your firm is already on their “short list.”

Expand your Marketing Efforts

* Use “DO” to see what is going on outside your area of focus to see whether you should be looking at new areas. “DO” will show you where to focus your marketing efforts today so the work can be yours tomorrow.

Never Miss an Opportunity

* Use “DO” to make sure you are aware of all the local opportunities available to you and those in the states where you work. Don’t let an opportunity pass by because you weren’t aware of it in time.
* Our Same Day Notification service of Request for Proposals will ensure you never miss an opportunity and allows you to beat the competition.

Know the Who, What, When and Where

* Use “DO” as your eyes and ears. Let “DO” tell you who is developing what, when they anticipate choosing their architect and where they are developing the project. Uncovering leads is very time consuming; let “DO” do it for you.

Let Yourself be Known

* Use “DO” to reach out to your prospective developers and show them your special skills and capabilities. Placing an ad in “DO” is a great way to be seen by just the right people. Your ad in “DO” contains a live hyperlink which will direct readers to your firm’s email or website with just a mouse click.. “DO” can also tell you how many people have clicked on your ad.

Monitor your Effectiveness

* Use “DO” to make sure you are aware of all the opportunities available to you. Is your team on top of all the hot prospects? Are you missing out on prime opportunities?

Analyze the Market

* Use “DO” to analyze trends in the market. See what types of projects are moving forward; see which developers are proposing projects and see what areas of the country have the most activity.

Things to Remember

* When following up on leads be diligent. It takes time and persistence to make that winning proposal.
* Don’t be afraid to think outside the box. Develop those relationships with developers listed in “DO” and the work will follow.

The Navigation Bar (which appears on every page except the cover) features separate links for:

P-1 PROJECTS: “DO” is reporting for the first time.

P-2 PROJECTS: Have been published in “DO” in the past, with an anticipated RFP within a year.

Dividing each issue of “DO” into these project categories allows direct selection and quick navigation within the publication. An added bonus is this format results in smaller files, allowing for a much faster download.

Clicking on any of these Navigation Tabs will take you directly to category selected. These categories are defined as follows:

Entertainment

Convention or civic centers, arenas, community centers, and casinos.

Educational

Two subcategories: Boarding projects have residential accommodations on campus and Non Boarding projects do not have residential accommodations.

Government

Facilities for occupancy by local, state or federal government officials.

Dear Reader,

Subject: [FREE four week trial to the "Daily DO"...Design Opportunities Daily Edition](#)

What is it? The "Daily DO" is a daily edition of Design Opportunities. It lists "live" RFP's which have been recently released, plus updates on projects pending architect selection and those where the architect contract has been awarded.

10 good reasons why you should spend the cost of a cup of coffee and donuts a day to have these leads delivered to your inbox every morning...

1. Early Warning System-get recently released RFP's delivered directly to your inbox each morning.
2. Each RFP is "live"-one click takes you directly to the RFP document.
3. Every day you receive an average of 20 updates on projects across the entire U.S.
4. You receive twelve FREE business card ads, one in each Monthly Edition of Design Opportunities, (read by over 50,000 design professionals). This represents a \$2400 value, which you receive free.
5. Projects include the owners/developers with all their contact information.
6. You receive Daily updates on projects that do not have an RFP available yet.
7. You can have the "Daily DO" sent to as many people as you would like, within your firm, for only \$25 per email address, per year.
8. You get access to our Free Information Hotline-this entitles you to direct access to our research staff when you need additional information on a project.
9. You receive information on projects recently awarded to an architect.
10. You can give "Gift Subscriptions" to your best clients-for only \$375 each, 50% off the regular rate.

To start your [FREE four week trial](#) to the "Daily DO", call Mary at 800 500-7276.
