

DESIGN OPPORTUNITIES

"DO" ... Proposed Building Projects ... Designers Needed

"DO" comes to you courtesy of the American Institute of Architects-Arkansas under agreement with National Building News

From the Publisher

Welcome to the April issue of Design Opportunities, better known as "DO".

In it you will find over 200 projects valued at over \$21 billion, on which the owner or developer has not yet selected a designer. This "early warning system" gives DESIGNERS, CONSULTANTS, CONTRACTORS AND MANUFACTURERS a chance to contact him and get on his "short list" while the project is still a mere "twinkle in his eye."

"DO" is distributed FREE to Trade Associations as a PDF, the first week of every month. If you are not receiving your copy call the local chapter of your Trade Association (AIA, ACEC, AGC, BOMA, ASLA, etc.)

John Hansel, Publisher

Who Reads "DO"? architects, interior designers, consultants, contractors, developers, building owners and managers and the many facilitators such as realtors, insurers, appraisers, brokers, lawyers, etc., plus the manufacturers of building products needed to bring tomorrow's buildings on line.

Typical readers of "DO" include...AECOM, BR&A Consulting Engrs., CBT Architects, Century Engineering, Core Const., Dewberry, Ennead Architects, Gensler, HKS, Holabird & Root, JCJ Architecture, JE Dunn Const., LMN Architects, M-E Engrs., Moody Nolan, NBBJ, Shepley Bullfinch, Syska & Hennessy, VOA Associates

What is “DO”?

National Building News Service has been reporting on the ever-changing **Skyline of America** since 1964...exactly 50 years. We are proud to present this issue of our new publication “*Design Opportunities*”...also known as “DO”. Unlike other construction lead services, “DO” features only Requests for Proposals (RFP’s) on buildings and renovations under consideration, before selection of an architect or interior designer. Therefore, each project represents an opportunity to be involved in design, construction or management at the earliest phase. **Our readers include architects, interior designers, consultants, contractors, developers, building owners and managers and the many facilitators such as realtors, insurers, appraisers, brokers, lawyers, etc., plus the manufacturers of building products needed to bring tomorrow’s buildings on line.**

MONTHLY “DO” - Distributed Exclusively through Design and Trade Associations

The Monthly Edition of “DO” is our Primary Lead Service. It is an “early warning system” of future changes in the Skyline of America. It is published in PDF format the first week of each month and contains over 150 new RFP’s (Request for Proposals from owners for new building designs) received since the previous month. This gives the reader a national overview of “where the action is”, where his services may be required in designing, constructing or equipping new buildings, or renovation of existing buildings of various types such as Educational, Government, Industrial, Entertainment, Healthcare and Mixed Use.

In addition to a Lead Service, “DO” is also a “hotline”. It’s “live” Products and Services Column is read each month by over 60,000 owners and managers of existing buildings as well as the designers, contractors and manufacturers who will build, renovate and equip the buildings of the future.

This Monthly Edition is distributed exclusively as a FREE service through the State Chapter headquarters of AIA and the National Headquarters of most construction Trade Associations. To arrange to get your FREE copy of “DO” each month please call Mary at 800 500-7276.

WEEKLY “DO” - Features

- (1) A WEEKLY email with 25-50 RFP’s released since the prior week, sent directly from National Building News as a PDF file
- (2) Each RFP is “live”-which means one click takes the reader directly to RFP document
- (3) 15-25 projects for which architect has been selected and are UNDER DESIGN
 - (a) name, city and state of the new building
 - (b) number of stories and square footage
 - (c) owner name, contact, phone, email address and mailing address
 - (d) architect name, contact, phone, email address and mailing address
 - (e) project STATUS, including the current phase of design, bid date, if available.
- (4) A 1 year subscription includes (12) FREE insertions of business card size ad in the “Live” Products and Services Column in the MONTHLY Edition, read by over 60,000 owners, managers & designers. Space awarded on a first come basis.
- (5) Advertising Discount. All subscribers receive 50% off advertising rates.

To subscribe today, call Mary at 800 500-7276

DAILY “DO”

All the features of the WEEKLY edition, emailed DAILY, sent directly from National Building News as a PDF file

To subscribe today, call Mary at 800 500-7276

YOUR ADS IN “DO” ARE “LIVE”

- **IMPORTANT:** because “DO” is distributed exclusively through professional Design and Trade Associations, your “live” ad, or message, will be seen by those members nationwide, **over 60,000 of them!**
- It is one column wide with space for 5 business card size ads or messages, one opposite each project as the reader scrolls down the page.
- Because it is “live” a click on any ad will take the reader to the advertiser’s landing page.
- **Rate: \$200 per ad, per insertion (2” x 3.5”). \$1000 per full column.**

Why you need “DO”...

Build Long Term Relationships

* Use “DO” to develop long term relationships with the owners/developers of the projects. You can use the owner/developer contact information as a mailing list to introduce your firm or personally contact the owner via phone. This is an easy way to get your information out to a lot of owners/developers you may not have know about without “DO”. Even if the owner isn’t looking for an architect for their project today; take the time to introduce your firm and develop a beneficial relationship with them, so when they do start the architect search your firm is already on their “short list.”

Expand your Marketing Efforts

* Use “DO” to see what is going on outside your area of focus to see whether you should be looking at new areas. “DO” will show you where to focus your marketing efforts today so the work can be yours tomorrow.

Never Miss an Opportunity

* Use “DO” to make sure you are aware of all the local opportunities available to you and those in the states where you work. Don’t let an opportunity pass by because you weren’t aware of it in time.
* Our Daily or Weekly Design Opportunities will ensure you never miss an opportunity and allows you to beat the competition.

Know the Who, What, When and Where

* Use “DO” as your eyes and ears. Let “DO” tell you who is developing what, when they anticipate choosing their architect and where they are developing the project. Uncovering leads is very time consuming; let “DO” do it for you.

Let Yourself be Known

* Use “DO” to reach out to your prospective developers and show them your special skills and capabilities. Placing an ad in “DO” is a great way to be seen by just the right people. Your ad in “DO” contains a live hyperlink which will direct readers to your firm’s email or website with just a mouse click.

Monitor your Effectiveness

* Use “DO” to make sure you are aware of all the opportunities available to you. Is your team on top of all the hot prospects? Are you missing out on prime opportunities?

Analyze the Market

* Use “DO” to analyze trends in the market. See what types of projects are moving forward; see which developers are proposing projects and see what areas of the country have the most activity.

Things to Remember

* **When following up on leads be diligent.** It takes time and persistence to make that winning proposal.
* **Don’t be afraid to think outside the box.** Develop those relationships with developers listed in “DO” and the work will follow.

C - Finding Projects By Type... in alphabetical order by State and City

The Navigation Bar (which appears on every page except the cover) features separate links for:

P-1 PROJECTS: “DO” is reporting for the first time.

P-2 PROJECTS: Have been published in “DO” in the past, with an anticipated RFP within a year.

Dividing each issue of “DO” into these project categories allows direct selection and quick navigation within the publication. An added bonus is this format results in smaller files, allowing for a much faster download.

Clicking on any of these Navigation Tabs will take you directly to category selected. These categories are defined as follows:

Entertainment

Convention or civic centers, arenas, community centers, and casinos.

Educational

Two subcategories: Boarding projects have residential accommodations on campus and Non Boarding projects do not have residential accommodations.

Government

Facilities for occupancy by local, state or federal government officials.

Industrial

Factories, generating stations, sewage treatment, parking and storage facilities.

Healthcare

Hospitals, nursing homes, medical office buildings and research facilities.

Mixed Use

Developments containing multiple components such as residential, retail and office.

Renovation

Projects of any type, being renovated.

Why They "DO" it...

"Did I share with you that Woodgrain received a nice order of their custom tabletops from Universal Studios Orlando in response to their ad in DO?"

Yup, plus a developer of 5-star resorts based in Hong Kong (with over 35 U.S. offices) has also requested samples of their proprietary artisanal metal coating.

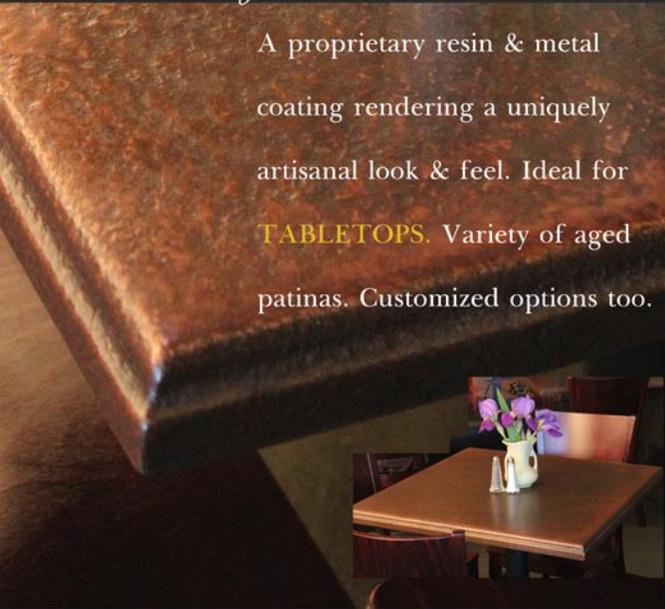

So we're psyched, and thus the 12-month commitment, especially given the generous deal you offered.

I'm also encouraging them to pursue leads in each issue as well.

DO's such a valuable trade publication, Mary -- Kudos!!" Woodgrain Woodworks

Introducing **ANCIENT METALS™**

A proprietary resin & metal coating rendering a uniquely artisanal look & feel. Ideal for **TABLETOPS**. Variety of aged patinas. Customized options too.

How Strong Is Your ICF Coating?

As an ICF builder, isn't one of your best selling points the strength of the wall? Then why put a soft coating on the outside surface? The solution is PermaCrete—the only cementitious coating specifically approved by the ICC for ICF construction. No surface is stronger, and no surface is more durable!

Why They "DO" it...

"Did I share with you that Woodgrain received a nice order of their custom tabletops from Universal Studios Orlando in response to their ad in DO?"

Yup, plus a developer of 5-star resorts based in Hong Kong (with over 35 U.S. offices) has also requested samples of their proprietary artisanal metal coating.

So we're psyched, and thus the 12-month commitment, especially given the generous deal you offered.

I'm also encouraging them to pursue leads in each issue as well.

DO's such a valuable trade publication, Mary -- Kudos!!" Woodgrain Woodworks

Introducing **ANCIENT METALS™**

A proprietary resin & metal coating rendering a uniquely artisanal look & feel. Ideal for **TABLETOPS**. Variety of aged patinas. Customized options too.

Design Opportunities has proven to be a valuable tool for my firm. It has provided concise, easy to use information about potential new projects.

One of our successful leads from D.O. is the SMTS Transit Facility, to be located in Poplar Bluff, Mo. (rendered below).

I look forward to more continued success with D.O.

Is hurricane protection ruining the look & cost of your project?

Evolution Hurricane Shutters

offer you a way to avoid this and other drawbacks with our patented, energy saving, crystal clear, distortion free design that looks nearly as good as it protects. This revolutionary design is so unique that we call it "The hurricane shutter that doesn't look like a hurricane shutter."

Check out our...

-nearly indestructible protection from storms, vandalism and smash-and-grab attempts.
-faster ROI for owners than IGU windows.
-superb thermal and sound insulation qualities.
-undistorted views from inside - unmatched curb appeal.
-project cost savings & ultra low maintenance.
-made to size capability for new construction or refurb.
