

Unassigned Membership Application

Unassigned membership in AIA Arkansas is available to any Architect or Associate member with current membership in good standing in an assigned chapter of the American Institute of Architects, as per the bylaws of AIA Arkansas. Participation in this category of membership is voluntary and provides benefits for the state component of AIA Arkansas membership only and is supplemental to the members assigned chapter membership.

Unassigned membership entitles individuals to participate in AIA Arkansas sponsored events and programs at the member discount rate and to receive regular society notifications. Since AIA members are eligible to vote in only one AIA Chapter, unassigned members are not eligible to vote in AIA Arkansas elections, hold a position on the Board of Directors, or represent the Chapter as a delegate to any meeting of the Institute.

Annual Dues: \$150 (based on calendar year January 1st-December 31st)
